

Prophetic Focus of January 2025

By Apostle John E. Sagoe

Topic of the year: JESUS – response: Glory be to God!

Key verse: Hebrews 12:2

Looking unto Jesus, the author and finisher of our faith, who for the joy that was set before Him endured the cross, despising the shame, and has sat down at the right hand of the throne of God.

Body of Christ globally

Good news! This is the first out of five years in which **God is raising individuals to** lead in the Lord's assignment in different specific ministries. E.g. I see **unusual healing ministries** coming forth from Africa, and from there moving like a wave to America and Europe and then across the world.

Healing Evangelists are also raised and will conduct huge services which will lead to many miraculous healings. I also see a **new dimension of healing rooms**, which are more focusing on Jesus than on a ministry. God will raise those people who will carry this mantle and this grace from different parts of Europe.

We will also see an increase of a **ministry that emphasizes on intimacy with the Holy Spirit**, which will liberate many people back into their faith in Jesus.

Then I also see God raising in the Kingdom **educators** who will found Bible institutes, universities and schools. The purpose of those educators is to lead the people of God into a godly way of education.

This year, **God is also raising revivalists** who will carry that mantle and will be ready to pay the price in order to see that move of God in our midst. And this coming anointing or mantle of revival will come with tremendous spiritual gifts. I also see how many, many lives are going to be transformed and many prayer lives are going to be deepened.

What I also see this year are **young (-minded) people rising with an unshakable faith** who will trust God in every circumstance, and God will show up for them.

This year we will see a **battle line drawn spiritually**, like with Elijah and the prophets of Baal.

Another interesting thing that I saw was a **deep longing and love for the Scripture**. I also saw that the **paper Bible** is coming more into circulation again, because it has a special power and solid authority.

From this year on into the next five years I see a lot of people in the Body of Christ developing a true **servant heart**.

I saw that God is giving His people the chance again to pick up the **mantles** of people who have gone ahead of us who were like **fathers and mothers of faith**, and whose mantles have not been carried on. With these mantles God is preparing the younger generation for the last battle, that they will be able to finish the work before the second coming of Jesus Christ. Some will be rising to the dimension like of Smith Wigglesworth or even beyond.

Jesus is bringing His Church into **spiritual alignment** this year.

We will experience **increase in creative abilities**.

God is calling the Church not to be afraid of challenges, because He wants to give us victory. I **see more Authority to take more territory** for the Kingdom of God. So it's a year of elevation and impact for the Church.

Then I also saw a **separation coming between churches that are moving in the spirit, and those that are moving in the flesh**. I call it the Isaac and Ishmael spirits.

Let us pray for churches to **overcome persecution** and not to close down, that God will vindicate His Church.

General prophecies

I see **a lot of tension** generally in our world, but it will not result into a world war because of **negotiations** between leaders. Let us pray that the Prince of Peace, Jesus Christ, will preside over the world.

We have to pray and be more alert about the food we eat, because we **see more food that will contain poison** in 2025.

Switzerland

We have to pray for our **medical institutions for the right equipment and the right services** that will measure up to the arising, **more complicated health challenges**

I also hear that the **Church** should take **prayer for healing** serious, because this year I see God glorifying Himself through supernatural healings, which can then become a strategy to **win more souls** into the Kingdom. What the medical world can not handle, the Kingdom will.

Economically and financially I see a stable year for Switzerland, although some time during the year, the **stock market will fall**, but God will give His people victory by showing them the right timing for investment. Globally, **the world will suffer from financial crisis**, but **Switzerland** will do well because we are **increasing in our services**.

I hear we should **pray for our farmers**, for I see a difficult year ahead with weather-related problems. Let us pray for **wisdom** for them **like God gave to Joseph**, for creative ideas and divine inspiration.

Different nations of the world

Israel and Hamas, Ukraine and Russia: It will be a year of **exposure of war crime** and of **judgment for evil leaders**.

Ghana: God is calling the nation to **stop political campaign and focus on rebuilding the nation**.

I also saw a year of **invention** due to more **investors** from inside and outside the country, and a year with the **opportunity to export**, which would be good for the nation's economy.

Germany: 2025 is a year of **wake-up call** for Germany. I see the **spiritual climate in Germany changing** and I see the **dead lion rising** and the religious spirit crumbling down.

The dark world will rise against double-minded Christians. But I also saw **how churches that have been in a specific pattern for a long time, radically changing**. I also see ministries that have been oppressed in Germany, rising to the surface, and I also see a strong move of the Holy Spirit coming up.

I also saw an internal crisis in terms of **political confusion** happening.

Austria: **New leaders are emerging in the seven mountains of the society**, who will become captains of industries. God will use them as channels to bring His move into the different parts of the nation. I see **how in the next five years, Austria will experience revival for the first time**.

God is calling the leaders and churches to **receive the blessing of a mantle transfer** from older leaders. The new leaders will go into **mission**, building **vibrant churches** both in and outside of Austria

USA: **We have to pray for Donald Trump**. In this administration, he will have to fight a war in three dimensions:

1. **Physical opposition** from within the USA by people who do not want him to succeed
2. **Physical war** around the world, like e.g. Ukraine and Russia, Israel and the Middle east etc.
3. **Spiritual war**: The Church has to come in, so the evil secret societies will not be able to stop him from carrying out God's plan in the United States.

UK: When I come to Great Britain, I hear **we urgently need to pray for royal families and presidents** of the world **against sudden tragedies** through health attacks.

Economy of the World

2025, I see more **economical challenges** and **nations going into debt** than ever before. **International business** will be more and more challenging especially for **nations with poor resources**. I also see how in many nations **wrong investments will result into crises**.

Politically I see a year of **seeking for unity and alignment**. Any party and country that will build up the **right strategic partnerships** within and outside the nation, **will succeed**.
