

## Prophetic Focus of April 2023

By Apostle John E. Sagoe

### Topic: God is in Control

Key verse: John 14:27

*Peace I leave with you, My peace I give to you; not as the world gives do I give to you. Let not your heart be troubled, neither let it be afraid.*

This month I hear we must **pray to stay focused on God like never before**. For I hear: It's a season of unprecedented **door opening in the midst of what might look chaotic**.

I see a month of **divine protection** from any spiritual attack and relationship attacks.

I see **increase of God's manifestations on earth** with miracles, signs and wonders and the gifts of the Holy Spirit. More and more **solutions will be found in the Kingdom** to help people to overcome the difficult times ahead of us.

God is **delivering His people from the spirit of stagnation and victim mentality** more especially in this season. I see more people breaking limitations to do what they could not do before and also to overcome situations that have been like strongholds for a very long time.

Let us **pray against the spirit of lukewarmness** that is on increase **in the Church** today like never before.

I see also that it's a month where we **should intercede for decision makers on different levels** like law makers in the government area and other influential people in society like our parents, church leaders, politicians, company owners and business leaders. The enemy is fighting to distract and lead them into bad decisions this season also with the spirit of manipulation on increase.

I see God lifting up the **Body of Christ into a mandate of being salt and light to the world**, according to Matthew 5:13-14.

I see that **the Lord is breathing His Spirit on the Body of Christ in a new way** to be able to follow the mandate of **influencing the influencers**. Through this influence the Church will be able to fulfill its assignment of making a difference in the 7 mountains of society.

Good News:

Situations we have been **praying for a long time** will begin to **see manifestation this season**. **Miraculous healings and deliverance** will take place this month in our churches and families, and more and more in our meetings, whether small gatherings or big congregations.

Watch out:

**Wrong accusations are on increase**, more especially by people that are closer to us.

I see more and more **attacks in pushing us to do something that our Christian faith does not agree with**. There will be an increase in temptations trying to mislead in the direction of sin.

Prophecies of the year 2023 to continue to pray for:

## Economy of the world

- **Two more years and the world will enter a severe famine we have never seen before.** In other words: whatever we are seeing now is only a warming up and a preparation for what is to come. So I hear the Lord saying: **Be ready for a time of storing and a time of saving** as the Holy Spirit is leading us in this time and season. Because I see that some **certain commodities are becoming very expensive and almost unaffordable** in our world.
- **Don't put all your eggs in one basket.** For I hear the world is going to face a **financial shaking** in both digital and paper currencies, more especially in the second half of the year.
- For many **business owners, it is a year of leaving a legacy.**
- **For Business owners with their name branded a dangerous season** is coming up. If you don't have God as your protector, it can be very dangerous and even lead to sudden death. *Side note of the author: This is a word of knowledge to explain the certain kind of people and certain kind of company that God is addressing.*
- Let us pray for **businesspeople to be patient and to understand the products** for a maximum impact. They must not miss the window of opportunity because it will come always very obvious this year.
- We pray for **business owners** for grace to receive the **Spirit of discernment to be able to act swiftly when the door of opportunity is given.** Many companies and business owners have missed their chance because they procrastinated and did not act swiftly when God gave them the possibility in 2022. But those opportunities are coming back in 2023.
