

Prophetic Focus of January 2023

By Apostle John E. Sagoe

Topic: God of Miracles

Key verse: Acts 19:11

Now God worked unusual miracles by the hands of Paul

I hear the Lord say that **this year will be full of surprises** and things are going to be working in a **rapid speed**. He says: **Don't worry**, I will go with you and give you **maximum protection**. Look onto Me for **divine coverage and direction**, and I will lead you with a **clear prophetic focus of every month** which will **help you to go from glory to glory**, in Jesus' mighty name.

For the Church of Jesus Christ globally:

- **Churches that are not ready for changes this year cannot survive the next two years** because of the **speed** God is moving in **preparing** His church **for the end time harvest**.
- God is warning churches: We missed the last two years of **window of opportunities**. **We must not miss the coming one**.
- **God is working things towards the 1000 years of millennium**. **The full manifestation of the real power of the Church** will be seen, more than it was at the beginning.

Economy of the world:

- **In two years the world will enter severe famine, which** it has never seen before. Until now, it has only been a warm-up. The Lord says: **Be prepared for a time of storing and saving**. Certain **commodities will become very expensive** and almost unaffordable in our world.
- **Don't put all your eggs in one basket**: There will be a **financial shaking** in both digital and paper currency, especially in the second half of the year.
- For many **business owners, it is a year of leaving a legacy**.
- It's a **dangerous season** for **Business owners whose names are branded**, and it may even result into sudden deaths if they don't have God as their protector.
- Pray for **business people**
 - o **to be patient and to understand the products** very well for a maximum impact.
 - o for grace to receive the **Spirit of discernment to be able to act swiftly to doors of opportunity coming back in 2023**, so they don't miss opportunities as in 2022.

Politicians and governments:

- **Political confusion is going to continue to increase this year** like never before. It will almost become normal for many nations.
- I also hear that a **high level of betrayal is on increase** among politicians, but there will also be a serious **exposure of political evildoers**.
- I see many governments fighting **economic battle for survival**.

Switzerland:

- I see a **spirit of depression on increase among our politicians and governments** because of the stress of their work and assignment. I therefore also see a **spirit also of procrastination and delay** among lawmakers in decisions also because of **fear of failure**.
- There are **critical decisions** that need to be done this year to move the nation forward and to prepare us for **the coming economic crisis**. Some of these decisions are issues related to borders and consuming products.

I smell **conflicts in most of the nations of the world**. If you want to know more about the specific prophecies about the nations of Nigeria, Guatemala, Poland, USA, Sweden, Australia and Ghana please go to our website for the detailed Prophetic Word of 2023.

Health situation and medical world:

- I see **breakdown in medical equipment**.
- I hear God say **more medical errors will be discovered** to give way for **God's miraculous healing power to be seen and the glory to again go to Him**.
- **Manipulation continues in the medical field**, as it is a **race for business and for selfish gain**, but it will also be **exposed** as it continues.
- We should not give up because the **sicknesses in the world are increasing**. But **God will always protect His own** and will give us victory. **I see danger coming out of food and drinks** that is affecting people's health up to the point of death. God is calling us for personal wisdom to take care of our health.

Although there is all this **evil in the atmosphere, the blood of Jesus will fight the battle for us** as we take the Communion on the 17th of each month. God has declared the **victory over us even before the situation arises**.

This year, God's power is going to manifest through us, for us and in us.

Let us not forget: In all that the **Church of Jesus Christ is rising** because **it is our year of God of miracles**.
