

Prophetic Focus of May 2023

By Apostle John E. Sagoe

Topic: Divine Victory

Key verse: I John 5:4

For whatever is born of God overcomes the world, and this is the victory that has overcome the world: our faith.

I see a month that **God is giving us victory on every side**. Where things that look like they are not working well they will begin to work in a dimension we would never have expected it to go, even beyond our imagination.

It's a month God will give victory to the ones that look like underdogs.

I see God showing us how to **identify problems or challenges** we are facing in order to overcome them as the **first step of victory**.

This season I see **many relationships going through problems**, but they do not know how to solve them.

Therefore we are receiving **divine wisdom to be victorious** in the area of our relationship problems including the relationships with our parents, our siblings, our spouse, our friends or at work.

It is interesting to know that a lot of people are unhappy but have not sat down to locate what really it is that makes them unhappy. Therefore God is helping us this season **to locate the cause of unhappiness** in situations and circumstances and will enable us **to then solve them**.

I see organisations, ministries, business men and women, politicians and government officials that are **winning in an ungodly way in their battles of life** that makes the situation come back again and again after some time.

But we must be ready for the light of God to shine in those situations, because God wants to give us **His own victory that is permanent**.

God's way or the devil's way? - God's way provides a permanent solution while the devil's way of victory is not permanent and the problem comes back again and again.

I see a season where we walk in victory when we...

- ... submit to God
- ... remove the impurity of sin
- ... meditate on God's word
- ... focus on God
- ... persevere through trials God's way
- ... persevere in faith
- ... pray

I hear we should **pray against the spirit of giving up** in our business, job, marriage, ministry and any other things God has called us to do, especially in this season.

Good news:

God is giving us grace to overcome obstacles or challenges in the area of a new job, spouse, buying houses or moving into a new rental house, promotion, increase, having babies etc.

Watch out:

I see a month of **serious emotional attacks leading into quitting and breakdown in mind**, especially with the people in leadership and authority.

I see a season of wrong voices leading us out of God's plan and His blessings for us, so let us watch out.

Prophecies of the year 2023 to continue to pray for:

Politicians and governments in general:

I smell conflicts in most of the nations of the world.

- **Political confusion will increase this year** in different nations of the world like we have not seen it before. It will be like a trend that will almost become normal for many nations.
- A bit worrying and frightening is the **high level of betrayal that is on increase** among politicians.
- Likewise there will be an **exposure of political evildoers**. The Lord is saying that He will expose them seriously this year.
- Many governments will be fighting an **economic battle for survival**
