

## Prophetic Focus of July 2024

By Apostle John E. Sagoe

### Topic: Breakthrough

Key verse: Isaiah 43: 16-19

*Thus says the Lord, who makes a way in the sea and a path through the mighty waters, who brings forth the chariot and horse, the army and the power, they shall lie down together, they shall not rise; they are extinguished, they are quenched like a wick: Do not remember the former things, nor consider the things of old. Behold, I will do a new thing, now it shall spring forth; shall you not know it? I will even make a road in the wilderness and rivers in the desert.*

Welcome to our **month of breakthrough**.

Breakthrough is when God powerfully intervenes and makes a way where there seems to be none.

Therefore, we are in a month where we will see **open doors like never before**, and we will see **manifestations of prophetic declarations**.

For **more details** about the prophetic realm in the next six months look at our newest release on prophetic updates.

The Lord wants to give His Church breakthrough in the following areas this month:

- As we consecrate ourselves and wait for the Lord in the Prayer Clinic, we shall experience breakthrough in our **worship**.  
There will be a longing and desire to worship God and to be in intimate relationship with God like never before.
- I see suddenly **people wanting to stay in the presence of the Lord** longer than ever before, both in the church and in our various homes.  
This hunger is activated supernaturally by the Holy Spirit in order to achieve divine breakthrough. So we must not resist it, we must yield to it as it is in the atmosphere.

**Breakthrough** refers to a **significant spiritual, emotional or physical transformation** that allows an individual or a community to experience a **new form or sense of freedom, victory or divine intervention**.

For that reason, we should not limit ourselves of what God can do in our lives this month.

Because I hear that **plans and visions that God has given to us a long time ago will begin to manifest in the Church this year**. We will receive more and more strength to go for the assignment that God has called us in His church.

This July is a month of **divine intervention** where God's power and grace break **through the barrier of obstacles** that have been hindering progress, growth and deliverance. Therefore, I see a month of generational curses being totally broken as we declare it with our mouth and exempt ourselves from all generational curses in our families, in our nation and our cities where we live.

Secondly, I see **increase in our faith life**: More and more people will this season desire to do things like they have never done before. They will step out of the boat and walk on water in the affairs of the Church. The Holy Spirit will be the one releasing the mighty power of God in our lives to accomplish this task.

As breakthrough signifies a moment of **divine intervention**, I therefore see that we will feel sudden intervention in our lives in this season, where the **Spirit of God will lift us beyond our own capacity** to do things that we have never done before **in the Kingdom**.

We will **feel free from all manners of bondage** that have held us in the past, both emotionally and physically, to keep us in the dark not to be able to rise in our area of ministry.

I hear **in-house success will lead us to a public success**. That means success in our home leads to success in the house of God and in the ministry that we have been given by the Lord.

I also see that this season God will open our eyes to **spiritual understanding of things** and to spiritual warfare to enable us to overcome every battle that has been holding us stagnated in the past years.

I see **increase of maturity and in number within the Body of Christ and within families**.

I see correction of where people have been involved in lies or so-called “white lies”, it will be turned into truth and truthful relationships with God.

The **Body of Christ** is going to **take** more and more **his stand over every spirit of lie in the society**.

I see the Holy Spirit bringing us into the realm of holiness and how therefore all manner of breakthrough will manifest when we live a **lifestyle of holiness** in our profession and in our relationships.

Watch out:

I see **new employment laws bringing decline** in employment, especially in some of the key nations of Europe.

Be cautious of sudden attacks that may occur when you go alone to unfamiliar places or enter locations where you have already sensed a warning in your spirit. Do not underestimate these feelings by still going there and eating or drinking. Stay attentive to your spiritual intuition.

Watch out **against all kinds of water accidents** and attacks of the water altar this summer.

Good news:

I see a month of **sweatless victory, divine favour** and people that have promised us good things in the past will begin to **fulfil their vows**.

Prophecy of the year 2024 to continue to pray for:

Switzerland

2024, I hear will be a year where **our legislators have to sit up because there will be a lot of work at hand** – more than ever before, mainly in making decisions that have to do with political situations, more especially **how Switzerland is standing politically regarding global politics**.

**Pray for Christians and churches** in Switzerland (and also in Europe) **and their leadership, because they are coming under attack spiritually** which will bring a decline in churches in Switzerland.

The leaders need emotional capacity to overcome the challenges that are coming in this year. Let me explain that a bit: I saw in the realms of the spirit that churches are attacked. But leaders are not having the emotional capacity – which in most cases is coming as a result of not having the right standing spiritually. And if you don't have the right standing spiritually, it affects the emotional capacity. And that will bring decline in churches because leaders will give up. And that means that churches will close down. So we need to pray for the leaders for emotional capacity and right standing with God in 2024.

Then furthermore there is a warning: God wants us to **pray for breaking the spirit of fear in marriage**.

Let me explain it: There is going to be a decline in marriage in Switzerland and in Europe because **fear of responsibility** is increasing. And when I mean marriage, I mean marriage. So we have to overcome that.

I hear, we need also to **pray to overcome scarcity of babies in Swiss communities**. Because right now, Satan is using that as **a weapon to bring down this nation**. So in 15 years from now, if the decline continues the way it is today, we will hardly find original Swiss anymore. So we need to pray that Swiss people will start getting married and making babies. It is possible to have a radical reduction of Swiss indigenous citizens because of lack of marriage and having babies. **Some of the laws that have been made in the nation, more especially against families and marriage are going to work against Switzerland on the long run. So we need urgent restoration of family values in our nation.** This is the cause of many mental, psychological and emotional health problems.
